## Countdown/Hangout (15 seconds)

## Welcome (15 seconds)

*Purpose: Transition kids from the Icebreaker to worship.*

Sample script:

Great job during the Icebreaker question, Motion! We're going to have a crazy amount of fun today, and we're going to do that by starting off with worship. Everyone stand to your feet and let's get ready to sing and dance!

## Transition to Message (30 secs)

*Purpose: Transition kids from worship to teaching video.*

Sample script:

Worshiping with you guys is the best! Sometimes I wish we could sing a million songs because it's so hard to express everything there is to sing about God! But even a million songs couldn't say enough. Let's learn more about that in today's special Christmas season Loop Show with Ricky and Jayme. Are you all ready? Check out the screen 'cuz the Loop Show begins in 3... 2... 1...

## Offering (60 seconds)

*Purpose: Recap teaching video lesson in one sentence. Explain offering and pray over it while it's collected.*

Sample script:

Wow! God is amazing. He created otters, baby kangaroos, and even sloths! There is no way we could ever express how amazing He is. He's so much bigger than words. We can only adore Him with our whole hearts. Now, it's time for our tithes and offerings! Today, our Church is giving an end of the year offering called Available. If you've brought an offering, you can place it in the box at the front of the room. Let's pray for our offerings.

*God, thank You for who You are. We can't ever find enough words to describe You. You are good. And we adore You. We pray that You will multiply this offering and use it to help people realize they too can receive Your promise of inheritance if they choose to trust and follow You. In Your Son's name we pray, amen.*

## Large Group Game (12 mins)

*Purpose: Bring the fun together as a large group.*

Sample script:

Motion, it's time for today's Christmas game! Now, while we may not have a white Christmas outside, after today's game is over, it'll be a white Christmas inside! In this game, we're going to have a snowball fight, and your team will need to work together in order to get the most snow on your opponent's side.

If you look at the floor, you can see there's a red line separating the two sides of the room. You'll also see some green lines on the floor — those lines are very important because you're actually not allowed to throw paper while you're in front of that line. If you're seated in front of the green line, your job is to pass the paper backwards to your teammates behind that line. If you're behind the line, your job is to get as much paper to the opponent's side as possible.

When I say "STOP" everyone will freeze in place, and we'll see which team has less snow on their side. Quick tip: you see those green pieces of snow? Each one of those pieces is worth 20 white pieces, so get those off of your side as quick as possible.

Okay, let's get ready to play!

## Announcements (60 seconds)

*Purpose: Announce next steps and transition to activity.*

Sample script:

Now, listen up for some announcements!

- *Encourage kids to invite a friend.*
- *VIP Process: Lanyard -> Black Tent -> Gift*
- *Make sure kids get the Motion Challenge Cards on the way out.*

Now, it's time for us to circle around our group leaders and we'll end the day with some fun activities and discussion. Do that now!
