

# MINECRAFT BLOCKS

Make sure kids are working on both boxes simultaneously.

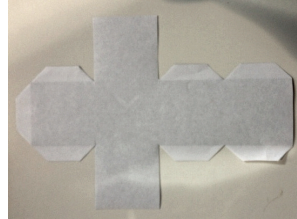

1. Instruct kids to fill in the blanks on both blocks with a marker.

“My name” - Kid’s name

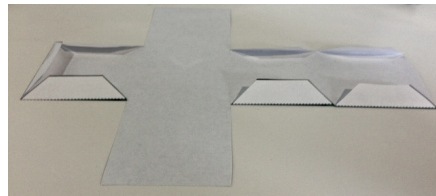

“To” - the name of a friend that each kid would like to invite to church

“From” - Kid’s name

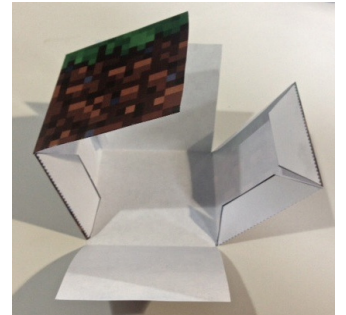

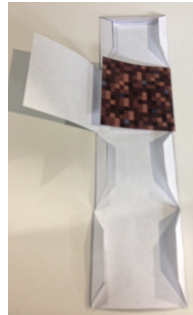

2. Turn both templates over so that the white side is facing up.

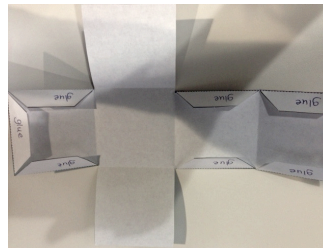

3. There are seven tabs on each template. Fold each of them on their dotted line like this:

4. Begin folding the sides of the block. The kids will make five folds per block. Make sure they thoroughly crease each fold.

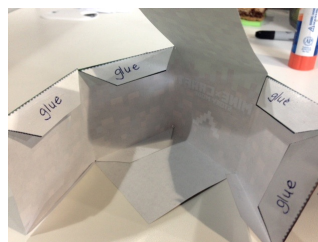

5. Unfold the template & apply glue to each of the template tabs.

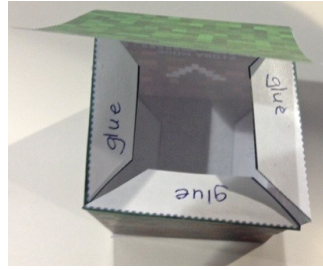

6. Find the bottom of the block like this:

7. Begin to press tabs to the bottom of the block:

8. The block should begin to come together naturally

9. Tape will be provided to complete the last side of the block and reinforce any other sides if necessary.
